PEWARE OF

The desperation of the Radical leaders knows no bounds. No device—no trick—that may serve to deceive the people and place the county in Radical negro hands will be spared. It has almost ready leaked out that

SPURIOUS TICKETS are to be employed to this end. We, therefore, caution our party friends TO BE ON THE ALERT—to be vigilant from morning till night on the day of election, to detect and frustrate this infamous game. The Radicals have money, and may find TOOLS to suit them. The following is the Democratic ticket, to be labelled "County:"

A BLACKMAILING CONGRESSMAN

The Hon. John Cessua has published a letter of acceptance in which he dounders through four or two mortal columns in attempting to defend his political record. He deprecates the personal abuse which he expects his political record. He deprecates the personal abuse which he expects his readiness to explain any of the unappoint transactions with which his name is connected, and then flops over on the sympathy of the public. But when was this blood hound ever restrained in the bot pursuit of his victual way at a well die would be gird to defer all explanations until after the election, but there are an unple time and opportunity now, and he will be gird to defer all explanations until after the election, but there are an unple time and opportunity now, and he will be gird to defer all explanations in the city of Eric.
